*first International Congress on the*

# MULTIDISCIPLINARY MANAGEMENT OF PELVIC FLOOR DISEASES

*Pelvic floor diseases 2.0*

NOVEMBER 17-18 2016  
HOTEL GALILEI PISA, ITALY

CHAIRMEN  
**GABRIELE NALDINI**  
**TOMMASO SIMONCINI**

SCIENTIFIC COORDINATOR  
**JACOPO MARTELLUCCI**

AZIENDA OSPEDALIERO  
UNIVERSITARIA PISANA

UNIVERSITÀ DI PISA

*Dear Friends,*

It is our pleasure to invite you to join us in Pisa for the First Multidisciplinary Congress on Pelvic Floor Diseases. This innovative event will offer a platform for interactive discussion for all the different specialists that have an interest in the management of pelvic floor diseases.

All those who work in this area appreciate the complexity and the tight interconnection of symptoms and functional disorders that characterize pelvic floor diseases. However, there is no scientific forum where these issues are discussed in a true multidisciplinary manner. This is why we have decided to organize this new type of event, that will convene the foremost *world experts within all the specialties*, with a setting where discussion and interaction will be the primary goal. What we want to achieve is to see the problems with new eyes, to be able to ask and explain to colleagues with different expertise how we are challenged in our daily practice of pelvic floor physicians.

*there is no scientific forum where these issues are discussed in a true multidisciplinary manner.*

And we want to do this at the highest scientific and clinical level. This is why we have decided to call the Congress "*Pelvic Floor Diseases 2.0*", to underline its innovative philosophy and multidisciplinary edge.

The congress will offer symposia where key opinion leaders from different areas will develop hot topics that are relevant to all pelvic floor physicians, *thematic satellite symposia and interactive video sessions*, along with the pleasure of an entertaining social program. Pisa is in the heart of Tuscany, well reachable by air and ground transportation, and offers some of the most beautiful sceneries in the world, along with museums, restaurants and a lively evening life...

We hope to see you in Pisa for this exciting new event to enjoy the beauty of Tuscany and to have the chance to interact closely with the top leaders in the field, embracing the innovative multidisciplinary and interactive edge that pelvic Floor Diseases 2.0 offers!

*See you in Pisa!*

*Gabriele Naldini, Tommaso Simoncini*

## REGISTRATIONS

<i>Fees</i>	Until September 13	After September 13
Delegate	€ 200,00	€ 300,00
Midwives, Nurses and Technicians (status to be certified)	€ 50,00	€ 120,00
Residents and Students under the age of 34 (an id card will be required; <u>pre-registration required</u> )	free	free

### *What's included?*

- ✓ ACCESS TO THE CONGRESS
- ✓ EUROPEAN CME CREDITS
- ✓ WELCOME DINNER
- ✓ EDUCATIONAL MATERIAL

## TIMETABLE

[WWW.COPECEDUCATION.COM/PFD](http://WWW.COPECEDUCATION.COM/PFD)

## THURSDAY NOVEMBER 17

09.00-09.15	<b>Opening</b>		
09.15-10.15	Multidisciplinary management of pelvic floor diseases in pregnancy		Hands On 
10.15-11.30	Pelvic floor infections	SIUCP Focus on	Hands On 
☕			
11.50-12:50	Are hormones really important in the management of pelvic floor diseases?	AIUG Focus on	Hands On 
13.00-14.00	Lunch symposium	Lunch symposium	
☕			
14.30-16.00	Sexual function and Sexually Transmitted Diseases (STD)	SICCR Focus on	Hands On 
16.00-17.00	Complications of prolapse surgery: who is guilty?		Hands On 
17.00-18.30	Symposium & Aperitif A	Symposium & Aperitif B	Symposium & Aperitif C
20.00	<b>Dinner</b>		

## FRIDAY NOVEMBER 18

08.00-10.00	Surgical management of complex pelvic organ prolapse	SIUD Focus on	Hands On 
10.00-11.00	Incontinence		Hands On 
☕			
11.30-12.30	The future of pelvic floor reconstruction: the robotic revolution		
12.40-14.00	Lunch Symposium	Lunch Symposium	Lunch Symposium
☕			
14.30-15.30	Pelvic Pain	AIGO Focus on	
15.30-17.30	Video Session 		

The congress is sponsored by by

The congress is endorsed by

## Multidisciplinary management of pelvic floor diseases in pregnancy

Chairs: Sergio Regadas (BR)

Heinz Koelbl (AT) Bladder dysfunction through pregnancy and delivery

Enrico Stefano Corazzari (IT) Management of hemorrhoids and constipation during pregnancy

Ian Milsom (SE) Pelvic floor injury during delivery: prevention and management

### Discussion

## Pelvic floor infections

Chairs: Andrea Valeri (IT), Secondo Guaschino (IT)

Francesco De Seta (IT) The pelvic microbiota: from biology to diseases

Dudley Robinson (UK) Recurrent urinary tract infections and the relation to proctological diseases

Sergio Regadas (BR) Recto-vaginal fistulas

Ren Dong-Lin (CN) Management of complex pelvic floor infections

### Discussion

## Sexual function and Sexually Transmitted Diseases (STD)

Chairs: Nicola Colacurci (IT), Antonino Spinelli (IT)

Alessandra Graziottin (IT) Dyspareunia and female sexual dysfunction

Massimiliano Mistrangelo (IT) Sexually Transmitted Diseases

Alessandro Sturiale (IT) Anal sex: rectal diseases and surgery

Massimiliano Brambilla (IT) Perineal Cosmetic Surgery

### Discussion

## Surgical management of complex pelvic organ prolapse

Chairs: Salvatore Dessole (IT), Eloy Espin-Basany (ES)

Alex Newman (UK) Abdominal or perineal approach

Jean Bernard Dubuisson (FR) How to deal with the uterus during pelvic floor reconstruction?

TBD New materials and technologies

Antonio Longo (IT) Preservation of organ function in pelvic surgery

Adolfo Renzi (IT) Surgical approach to the perineal descent

### Discussion

## Incontinence

Chairs: Stefano Salvatore (IT), Giovanni Romano (IT)

Linda Cardozo (UK) Urinary Incontinence

Klaus Matzel (DE) Fecal incontinence

Giulio Del Popolo (IT) Management of neurologic incontinence

### Discussion

## The future of pelvic floor reconstruction: the robotic revolution

Chairs: Angelo Stuto (IT)

TBD The robotic revolution in surgery

Gabriele Naldini (IT) Robotic surgery for rectal prolapse

Tommaso Simoncini (IT) Robotic surgery for complex pelvic organ prolapse

## Pelvic pain

Chairs: Donato Altomare (IT), Marco Carini (IT)

Bruno Roche (FR) Chronic pelvic pain: medical therapies

Franco Cracolici (IT) Chronic pelvic pain: non-conventional therapies

Marc Possover (CH) Neuropelveology: from pain anatomy to surgical treatment

### Discussion

## DEBATE Are hormones really important in the management of pelvic floor diseases?

Chairman: Tomi Mikkola (FI)

Debaters: Stela Maria Murad Regadas (BR),

Giulio Aniello Santoro (IT), Antonio Cano (ES),

Graziottin Alessandra (IT), Gaspare Carta (IT),

## DEBATE Complications of prolapse surgery: who is guilty?

Chairman: Mario Trompetto (IT)

Debaters: Roland Scherer (DE),

Jean Bernard Dubuisson (CH), Susana Ourò (PT),

Stefano Salvatore (IT), Jiang Congqing (CN)

## SCIENTIFIC SOCIETIES

### SIUCP Management of Hemorrhoidal Disease

Chairs: Antonio Brescia (IT), Adolfo Renzi (IT)

Antonio Brillantino (IT) Drug treatments

Andrea Braini (IT) Outpatient management procedures

Luigi Brusciano (IT) A Critical review on outcomes and effectiveness of surgical treatments

Leonardo Lenisa (IT) Results, recurrence rate, complications and prognostic factors of the stapled hemorrhoidopexy

Paolo Boccasanta (IT) Postoperative complications: can they be prevented and how

### Discussion

### AIUG Management of urogynecological disorders in elderly patients

Chairs: Maurizio Bologna (IT), Tommaso Simoncini (IT)

Giampiero Capobianco (IT) SUI Surgery

Gianluca Bracco (IT) POP Surgery

Franca Natale (IT) OAB pats.: when conservative measures fail, what's the next step?

Stefano Salvatore (IT) Why the outcomes are below expectations?

### **SICCR Focus on: Perianal Fistula**

*Chairs: Aldo Infantino (IT), Paola De Nardi (IT)*

*Giulio Santoro (IT)* How to stage preoperatively?

*Marco Cocchetta (IT)* Fistulotomy: do we need else?

*No cutting techniques:*

*Erica Stocco (IT)* Rectal flaps

*Afshin Heydari (IT)* To Plug or to seal?

*Marco La Torre (IT)* VAAFT and LIFT

*Paolo Giamundo (IT)* Filac

*Renato Pietroletti (IT)* Post-operative anal functional impairment: what to do?

### **SIUD Focus on: Urinary Retention in Women**

*Chairs: Cesare Selli (IT), Donatella Pistoletti (IT)*

*Giulio Del Popolo (IT)* Acute and Chronic

Urinary retention: etiology and diagnosis;

*Marco Soligo (IT)* Post operative urinary retention: how often and why?

*Enrico Finazzi Agrò (IT)* The management of incomplete emptying of the bladder and urinary retention.

### **AIGO Pelvic floor rehabilitation in the gastroenterologist's practice: AIGO statements and controversies**

*Chairs: Massimo Bellini (IT), Gabrio Bassotti (IT)*

*Renato Bocchini (IT)* Statements presentation

*Edda Battaglia (IT), Giuseppe Chiarioni (IT)*

Comments from different experiences

### **● SPONSORED SESSIONS**

#### **Session organized by Laborest**

##### **Chronic pelvic pain and neuroinflammation: from pathophysiology to tailored treatments**

*Chairs: Gian Luca Bracco (IT), Stefano Salvatore (IT)*

*Alessandra Graziottin (IT)* Menstruation and inflammation: pelvic and systemic comorbidities

*Giulio Del Popolo (IT)* Pelvic pain: the daily challenge in neurourology

#### **Session organized by BK**

##### **Exploring the pelvic floor with ultrasound**

*Chairs: Stela Regadas (BR), Bruno Roche (CH)*

*Federico Spelzini (IT)* Pelvic ultrasound and patient: clinical and diagnostic correlation

*Luigi Bruscianno (IT)* Indications, advantages & limits of pelvic ultrasound techniques

*Giulio Aniello Santoro (IT)* Can pelvic floor ultrasound replace conventional radiology?

#### **Session organized by Medtronic**

##### **InterStim therapy: a multifactorial approach for multiple pelvic floor disorders.**

*Chairman: Paola Bertapelle (IT), Donato Altomare (IT)*

*Michael Soerensen (DK)* Sacral Neuromodulation: is it the therapy of choice for refractory bowel dysfunctions?

*Maria Angela Cerruto (IT)* Sacral Neuromodulation: current perspectives in urology & urogynecology

#### **Session organized by Touchstone**

##### **Tailored prolapse surgery for the management of rectoanal prolapse**

*Chairman: Roland Scherer (DE), Sergio Regadas (BR)*

*Paolo Boccasanta (IT)* 20 years of evolution of stapled treatment of rectoanal prolapse

*Joaquim Costa (PT)* Hemorrhoids and STARR

*Leonardo Lenisa (IT)* Indications of stapled treatment of rectoanal prolaps

*Donglin Ren (CN)* TST Stapled Hemorrhoidopexy: the Chinese experience

*Pierpaolo Sileri (IT)* Complications and management after hemorrhoidectomy

#### **Session organized by Medtronic**

##### **Treatment of Anal Fistula with Collagen Paste: a comparison of experiences**

*Chairs: Antonino Spinelli (IT), Leonardo Lenisa (IT)*

*Pasquale Giordano (IT)* Critical analysis of Maserati 100 study results

*Julio Jose del Castillo (ES)* A better selection to improve results

*Antonino Pulvirenti (IT)* Tips & tricks: how I improve my results

#### **Session organized by Lipogems**

##### **Micro-fragmented adipose tissue in pelvic diseases treatment**

*Chair: Silvio Laureti (IT), Pawel Grochowicz (PL)*

*Luca Santoleri (IT)* Physiological characteristics of mesenchymal stem cells from adipose tissue and their potential in regenerative medicine

*Iacopo Giani (IT)* Lipogems: surgical technique

*Paolo Lo Prete (IT)* Peri-anal fistula treatment with micro fragmented adipose tissue: our experience

*Davide De Vita (IT)* Use of micro fragmented adipose tissue in gynecology: a case report

#### **Session organized by SUN Medical**

##### **Pelvic floor surgery with titanium technology: the mesh of the future**

*Chairs: Jean Bernard Dubuisson (CH) Susana Ourò (PT)*

*Stefan Mohr (CH)* Laparoscopic Sacrocolpopexy - Literature picks and Video demonstration

*Angelo Stuto (IT)* Pelvic Floor Suspension Surgery: comparing Titanium Coated vs. Biological vs. Synthetic mesh

#### **Session organized by Innovamedica**

##### **High volume prolassectomy. State of the art and next step**

*Chairman: Francesco Gabrielli (MI)*

*Panelists: Giuliano Reboa (IT), Pasquale Talento (IT),*

*Claudia Menconi (IT), Cristiano Finco (IT),*

*Valentin Calu (IT), Andris Gardovski (IT)*

#### **■ VIDEO SESSION**

Selected videos + 10 minutes discussion

*Tommaso Simoncini (IT)* Urge incontinence: Tips and Tricks for Onabotulinumtoxin A injection

#### **☞ HANDS ON SESSIONS organized by DEKA**

*first International Congress on the*
